

OUR HISTORY

Founded in 2017 to service the local market, National Company for Adhesive Tapes aims to grow to be the leading and only manufacturer and innovator of premium tape products designed specifically within the Kuwait market.

We want to evolved into a full range supplier of pressure sensitive tapes servicing a variety of markets, such as printing on paper roll & plastic film for Retail and General Industrial.

Our corporate office is situated in Kuwait City and our production facility is equipped with a complete series of state-of-the art converting and custom equipment. From fully automatic high speed wide-web slitters, we have invested in equipment and technology designed specifically for the conversion of pressure sensitive tapes.

National Company for Adhesive Tapes ® is a trusted specialist with state of the art machinery and experience in converting adhesives to finished products.

National Company for Adhesive Tapes is the first company to produce water based-acrylic based high quality protective tapes in the state of Kuwait.

This can be done with/without prints and at all colors and sizes. printing unit capable of printing 4 colors, Adhesive Application and Coating machinery, slicing machinery capable of cutting even the narrowest dimensions and cardboard roll production department.

We also custom produce, slit and cut to any specs you need. We aim to serve various industries and popular brands.

OUR MISSION

To offer our customers with innovative solutions that go beyond the products we manufacture. We are committed to improving the product offer & the services we provide at large.

OUR VISION

To ensure that we adopt a culture in which our people openly collaborate, respect views, value opinions, and follow high standards of business conduct. We aim to function as one team, with one goal; to consistently exceed our customer's expectations.
